Article V

The Congress, whenever two thirds of both houses shall deem it necessary, shall propose amendments to this Constitution, or, on the application of the legislatures of two thirds of the several states, shall call a convention for proposing amendments, which, in either case, shall be valid to all intents and purposes, as part of this Constitution, when ratified by the legislatures of three fourths of the several states, or by conventions in three fourths thereof, as the one or the other mode of ratification may be proposed by the Congress; provided that no amendment which may be made prior to the year one thousand eight hundred and eight shall in any manner affect the first and fourth clauses in the ninth section of the first article; and that no state, without its consent, shall be deprived of its equal suffrage in the Senate.

Dan's Update

- **Saturday 2/19 Demonstration in Murphy**
- **World-Wide Demonstration March 19th**
- **Murphy's participating with the WORLD!
Saturday 10 a.m. - 12 p.m.**

World Wide Demonstration

Push back against infringements of Freedom.
One Day. Everyone Together. We Will All Be There.
Taking a Standing for 5 important Freedoms:

Freedom of Speech

Freedom of Movement

Freedom of Choice

Freedom of Assembly

Freedom of Health

World Wide Demonstration

We are advocating for 5 important Objectives:

- End Lockdowns
- End Mask Mandates
- End Vaccine Mandates and Coercion
- Return to Standard World & Domestic Travel
- End all State of Emergency Declarations

Omnibus Spending Bill

- \$1.5 Trillion 3,000 pages, Less than 24 hours to read, review.
- Increase IRS budget to \$13 billion
- Did NOT rescind Biden vaccine mandates
- \$4 billion for 4,400 earmarks – done away with in 2011
- Hyde Amendment retained
- Throws gasoline on the inflation fire
- Loaded with Leftist agenda items: vaccine mandates | CRT | Diversity, Equity, Inclusion | Sexual orientation and gender identity policies | Green New Deal policies | Portions of the Build Back Better Broke.

Omnibus Spending Bill

- Senator Burr and Senator Tillis voted NO - finally listening to you

Thank them: (202)224-3154 | (202)224-6342

- Representative Madison Cawthorn, voted YES!

(202) 225-6401 | (828) 435-7310

- Voted with Nancy Pelosi, Chuck Schumer, Mitch McConnell
- Cawthorn does what Ranking member McCarthy tells him to do.

SCOTUS - Judge Ketanji Brown

- Biden campaign promise of using race & sex to select nominee.
- History of decisions overturned by higher courts for judicial overreach.
- Jackson might be willing to ignore the law to deliver a particular policy outcome.

SCOTUS - Judge Ketanji Brown

- The most radical judge ever nominated for a seat on the Supreme Court. Record and judicial philosophy reveals a deeply troubling pattern, raises questions about her ability to be a fair and impartial judge.
- Limited judicial record, BUT Jackson has consistently ignored the Constitution, twisting the law to favor certain outcomes. Judges should play a limited role in our government. Jackson's far-left supporters want her to impose a political agenda that invents new rights or erases rights she doesn't like.

America Competes Act (H.R. 4521)

- **Promotes Chinese energy over American** - \$3 billion solar manufacturing program that benefits China's dominance in Solar.
- **Biden regime** - kills domestic mining projects and block oil and gas leasing sales.
- **Green slush fund** - \$8 billion to unaccountable “green climate” slush fund at the UN, which has awarded \$100 million to China, subsidizes the CCP Party and slave labor/genocide solar panels and batteries.
- **Climate Change Officers** - At potentially every U.S. embassy, consulate, and diplomatic mission abroad responsible for focusing U.S. international efforts on climate change policy and programming.

America Competes Act (H.R. 4521)

- **Ignores human rights abuses** - Appeases China - omitting “genocide” from provisions on human rights abuses in Xinjiang, despite the House having voted twice to call it genocide.
- **Hurts small businesses.** Adds burdensome Davis-Bacon requirements, giving unions unfair advantages over small businesses and independent workers. Will significantly jeopardize our ability to compete with China.
- **CRT Promotion** - \$5 million to create a Chief Diversity Officer at the National Science Foundation and direct the NSF to ensure diversity, equity and inclusion in the technology sector.
- **CCP can BUY visas** - New visa program allows Chinese investors (= CCP government) to purchase visas, start a company in the U.S., and then import workers from China with additional visas.
