We'll See

Ranked Choice Voting Defeated in GA

- RCV is a confusing, chaotic “reform” being pushed by mega-liberals
- Fundamentally changes the election process
- Disenfranchises voters, and allows marginal candidates not supported by a majority to be elected.
- Confusing, opaque process that robs voters of the ability to re-educate and re-examine the top two vote-getting candidates in a run-off
- Diminishes ability of voters to make informed choices of who would best represent them.

Biden Radial Nominees

- **Nancy Abudu**: Nominated as judge on the 11th Circuit Court of Appeals.
- **Currently works for Southern Poverty Law Center, left-leaning litigation firm infamous for branding mainstream conservative and Christian nonprofits as “hate groups”**
- **Gigi Sohn**: Nominated to FCC. With the FCC’s current 2-2 split, confirmation would give her power to continue the Biden administration’s push for censorship of conservative content.
